Rasika Nishanthi

Nursing officer / Undergraduate of B.Sc. Health promotion /
Counselor /Health promotion Facilitator
Galle District, Southern Province, Sri Lanka

Summary

I am a dedicated and compassionate Nursing Officer with over 17 years of experience in the government healthcare sector in Sri Lanka. My clinical journey has taken me through key units including the medical ward, neurology and maxillofacial surgery unit, emergency care, and pediatric wards.

I have built strong skills in patient-centered care, emergency response, critical thinking, and effective teamwork. I am passionate about promoting health, ensuring patient safety, and continuously learning to enhance my nursing practice.

Currently, I am pursuing my studies in Health Promotion, aiming to contribute more effectively to preventive healthcare and community well-being.

Experience

National Hospital, Galle.

Registered Nurse

September 2016 - Present (8 years 8 months)

Southern Province, Sri Lanka

Worked as a surgical ward nurse in the Oral and Maxillofacial Unit, delivering comprehensive pre- and post-operative care to patients undergoing various maxillofacial surgeries. Provided expert wound management, including dressing changes, infection prevention, and monitoring for complications. Collaborated closely with surgical teams, anesthetists, and physiotherapists to optimize patient recovery and rehabilitation, while maintaining a patient-centered approach focused on dignity, safety, and quality outcomes. Served in the neurology unit for 5 years, delivering specialized nursing care to patients with neurological disorders such as stroke, epilepsy, and neuromuscular conditions. Monitored neurological status, managed medication regimens, and provided rehabilitative support. Worked closely with neurologists, physiotherapists, and speech therapists to promote recovery and

enhance patients' quality of life, while maintaining a high standard of safety and dignity.

Rajarata University of Sri Lanka

Health Promoter

2023 - 2024 (1 year)

Anuradhapura District, North Central Province, Sri Lanka

Participated in field-based health promotion activities targeting schools, rural communities, and workplaces.

Conducted health assessments, awareness programs, and behavioral change communication sessions.

Worked collaboratively with public health officers, midwives, and local stakeholders to address key health issues such as nutrition, NCDs, sanitation, and mental well-being.

Teaching Hospital Karapitiya

Quality liaison nursing officer

November 2017 - 2019 (2 years)

I worked as a quality liaison nurse, acting as a link between the clinical team and the quality assurance unit. I conducted audits, monitored care standards, and supported staff with updated practices. This role helped improve patient safety and promoted quality care in the hospital.

District Hospital Katharagama

Registered Nurse

December 2014 - September 2016 (1 year 10 months)

Uva Province, Sri Lanka

Sri Jayawardenepura General Hospital

Registered Nurse

January 2004 - April 2014 (10 years 4 months)

Sri Jayawardenepura Kotte, Western Province, Sri Lanka

Worked in the medical ward for 7 years, providing compassionate care to patients with a wide range of acute and chronic medical conditions. Responsibilities included administering medications, monitoring vital signs, assisting with diagnostic procedures, and supporting patients through recovery and long-term care plans. Maintained accurate documentation and

collaborated with multidisciplinary teams to ensure safe and effective treatment outcomes.
